

How we collect and store your personal information

For the purpose of informing you of news and events relating to the club and generally promoting responsible Border Terrier ownership, we record your contact details on computer and also print them in our Year Book. On joining the club we ask your permission to do this and offer the choice to be a member without us keeping these details electronically. We do not hold any bank details even on those who choose to pay annual subscriptions by standing order, only the transfer reference to enable us to confirm membership payment. To comply with the latest data privacy laws we are updating our membership application, renewal and judges list application forms. We will also introduce a new form to ensure members can let us know if they change their mind on us holding details or wish to resign from the club; importantly also giving flexibility and choice on what data we hold and how we make contact with members.

The only organisation we share membership details with is the Kennel Club (KC) and these are no longer routinely sent with annual returns, only on request as stipulated in the latest KC rules and regulations. We do send electronic versions of the paid up members list to the Year Book printers and share information between committee members for the purposes of organising club events. We are reviewing how we do this to ensure not only that we comply with the regulations but also act in ways that are respectful of your right to privacy and your freedom of choice. We will make the new forms available on our website and in the 2018 Year Book after discussion at our 2018 AGM. If you have any issues or concerns and wish to contact the Secretary or Treasurer who are responsible for storing and maintaining membership details, then either can be contacted as detailed below:
